

**The Latin American Network on Edible and Medicinal Mushrooms**  
presents the first book on the emerging mushroom sector in Latin America

**Hacia un Desarrollo Sostenible del Sistema de Producción-Consumo de los Hongos Comestibles y Medicinales en Latinoamérica: Avances y Perspectivas en el Siglo XXI.**

D. Martínez-Carrera, N. Curvetto, M. Sobal, P. Morales and V. M. Mora (Eds.). 2010. Red Latinoamericana de Hongos Comestibles y Medicinales-COLPOS-UNS-CONACYT-AMC-UAEM-UPAEP-IMINAP, Puebla. 648 pp. 221 Figures and 92 Tables. ISBN 970-9752-01-4.

A unique book dealing with all aspects of the production-consumption system of edible, functional, and medicinal mushrooms in Latin American countries, covering basic, applied and socioeconomic research, as well as commercial experiences on a large and small scale. The increasing potential of mushrooms in this region of enormous cultural, biological, and ecological diversity is discussed in 31 chapters. Relevant experiences from other regions worldwide were selected for discussion. English abstracts are included in every chapter.
